

Bowel Complaints in India.
In a lecture at one of the Des Moines, Iowa, churches a missionary from India told of going into the interior of India, where he was taken sick, that he had a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy with him and believed that it saved his life. This remedy is used successfully in India both as a preventative and cure for cholera. You may know from this that it can be depended upon for the milder forms of bowel complaint that occur in this community. Obtainable everywhere.

Col. E. M. Harber of Trenton, Mo., arrived Sunday morning to attend the Memorial Services of the Local K. of P. Lodge.

Forethought.
People are learning that a little forethought often saves them a big expense. Here is an instance: E. W. Archer, Caldwell, Ohio, writes: "I do not believe that our family has been without Chamberlain's Colic, Cholera and Diarrhoea Remedy since we commenced keeping house years ago. When we go on an extended visit we take it with us." Obtainable everywhere.

Prof. J. C. Shelton went to Kansas City Sunday morning for a visit.
Mr. and Mrs. E. F. Mollenkamp spent Sunday in Higginsville.

To the Public.
"I have been using Chamberlain's Tablets for indigestion for the past six months, and it affords me pleasure to say I have never used a remedy that did me so much good."—Mrs. C. E. Riley, Illion, N. Y. Chamberlain's Tablets are obtainable everywhere.

Miss Minerva Graupner went to Kansas City Saturday evening for a visit.

Stomach Troubles and Constipation.
"I will cheerfully say that Chamberlain's Tablets are the most satisfactory remedy for stomach troubles and constipation that I have sold in in thirty-four years' drug store service," writes S. H. Murphy, druggist, Wellburg, N. Y. Obtainable everywhere.

Earl Stier spent Sunday in Kansas City.

Town and Country, Co-operate!
The average middle-west small town is not a complete unit without the country which surrounds it. They are parts of one unit. Either without the other will fail to do its work well. An occasional Fourth of July celebration, or similar wholesome getting together, is not the kind of cooperation which alone will bring the parts of this unit into the best working harmony. Each must help the other in solving the problems of the whole unit. The town must not feel that this cooperation consists in dragging the farmer away from home in order that he may be induced to spend his money, and the farmer must not feel that towns thrive only at his expense. One acts as the selling and buying department of the unit, and the other as the producing department.

Middle-west farmers are realizing more keenly every year that their greatest problems are social and economic problems. They may need to improve their methods of crop raising, but they need much more to improve their living conditions, market facilities, and credit methods. When the towns give vigorous help in these directions, their response and a smaller inclination to depend on mail order houses.

The buying and selling department of this unit of town and surrounding country territory is just as important and just as truly productive as are the fields and pastures in which corn, oats, wheat and hogs are produced for home use or for market. The old idea that only the farmer and miner really produce anything, and that those who buy and sell for gain are mere parasites, has been exploded and we know now that the banker, and the storekeeper, the railroad and the steamship, and the manufacturer and jobber, are just as productive as any of the other producers if their work is economically handled. It is poor business policy for any of these useful members of society to sneer at any other, or to refuse co-operation for the common good.

WHAT BABY WOULD SAY IF HE COULD

List of "Don't's" as Interpreted A State Board of Health.

If baby could talk he would say: Do not kiss me on the mouth. Do not let the sun shine in my eyes nor the wind fill them with dust.

Do not sneeze or cough in my face, for I may take cold, and that would be bad for me.

Do not expose me to whooping cough and measles or other catching diseases or I may get sick and die.

Do not pick me up by the arms. Be careful how you handle me and lay me down.

Do not give me candy and other things which are not good for me.

Do not give me a dirty pacifier to suck or allow me to suck my thumb, for it will spoil the shape of my mouth.

Do not rock me to sleep or teach me other bad habits.

Do not take me to the moving picture show nor keep me up nights, for it robs me of my sleep and makes me cross.

Do not dose me with patent medicines or nasty mixtures.

Do not give me wine, beer or whiskey, coffee nor tea, for I want to keep well.

Do not jolt me or trot me on your knee when I cry.

I want right things to eat and want my meals on time.

I want some pure, cool water to drink between meals, for I get very thirsty.

I want a bath every day and plenty of clean clothes.

I want my own bed, a comfortable room with the windows open and plenty of time for sleep, for I must have it in order to grow.

I want to be taken out of doors very day for the fresh air.

I want mother to love me and always be gentle with me.

I want to be a good baby.

This list of suggestions on how to care for an infant properly was recently prepared by the state board of health of Kansas. Dr. M. P. Ravenel, professor of preventative medicine in the University of Missouri at Columbia, believes the list is a good one and that it will greatly aid Missouri mothers.

\$2.25 Aluminum Griddle

For 85 Cents in Cash

Special Offer to Karo Users
Read the Offer and Write Today So As to Be Sure To Get Your Griddle

BY special arrangement you can get this fine 10 1/2 inch Solid Aluminum griddle for less than the wholesale price.

Go to your grocer, get 50 cents worth of Karo and send us the labels and 85 cents and you'll get the Aluminum Griddle by prepaid parcel post.

You know Aluminum ware—you know how long it lasts, how much easier it is to cook with. It doesn't chip, it doesn't rust and it always looks so bright and clean and inviting.

You don't have to grease this Aluminum Griddle, it does not smoke up the house; it bakes griddle cakes and corn cakes crisp and light—the way you want your griddle cakes to be. And the cakes are far more digestible and better flavored.

At great expense we are seeking to place a Karo Aluminum Griddle in the homes of all Karo users, so that Karo—the famous spread for griddle cakes and waffles—may be served on the most deliciously baked cakes that can be made.

Last year the people of this country used 65,000,000 cans of Karo—the largest demand ever given any syrup.

That shows you what people who know Karo think of it, how much better they like it than any of the old kind of syrups. Take advantage of this chance to get this solid Aluminum Griddle at a clear saving of \$1.40 in cash.

Get the Karo Today—and send us the labels and 85 cents (P.O. money order or stamps) at once. We will also send you free the Corn Products Cook Book.
